USED VEHICLE FROM ANY SOURCE
**WE KNOW THE
RIGHT PRICE**

www.thepricex.com

What is The PriceX?

The PriceX is an online price evaluation tool for individuals and businesses dealing in used vehicles and equipment. It provides deeper price analytics, helping users increase profits and improve operational efficiency.

Right and unbiased price for any used vehicle and equipment

Right price for vehicles of any category

Advanced machine learning technology

Data supported by millions of transactions

Why The PriceX?

The PriceX acts as a guiding tool, helping buyers and sellers find the right market price for their used vehicles and ensure a more profitable transaction. The tool can also help new vehicle dealers find the right exchange value for the used vehicles, ensuring a smoother and hassle-free transaction.

Scientific and insightful approach towards price discovery. Hard work and intelligence put together!

Data driven results by providing exclusive access to lakhs of successfully transacted vehicles over the last 10 years.

Service available through secure API, making it accessible from the platform of your choice. Provides various detailed reports through dashboard.

Who Are Our Users?

The PriceX helps a wide spectrum of users with the right risk assessment of used vehicles before any kind of exchange.

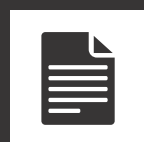

- Buyers
- Sellers
- Used Vehicle Dealers
- New Vehicle Dealers
- Insurance Companies
- Banks and NBFCs
- Ride and Taxi Hailing Companies
- Repo Companies
- OEMs

How The PriceX Works?

Right price for your vehicle in 3 quick and easy steps.
